

PVC RESCUE BOATS

DS360 INFLATABLE HULL SERIES

Inflatable boats manufactured with inflatable floors are easily carried by two people and much lighter than boats with aluminium floors.

Why purchase an inflatable boat?

- Safe and effective in Rescue ops
- Rapid-deployment for rescuers
- Easy to recover a man overboard
- Highly maneuverable
- Efficient in shallow waters
- Fast inflation system
- Large buoyancy tubes
- Safe and stable
- Heavy duty and lightweight
- Easy to fold and to carry
- Transportable by a two men crew
- Easy maintenance
- Fully equipped to deploy in the field

If you do not see the specification of boat you require please contact us. We can create an inflatable to your exact requirements no matter how big or small the request.

Standard Boat Inclusions:
