

NDB10

80L SCUBA HOLDALL

The NDB10 Scuba Holdall benefits from an additional fin pocket, a separate end pocket and a large capacity main pocket.

Manufactured from ultra hard-wearing Cordura and using corrosion resistant zips, this large diver's holdall was originally designed for military use but it is equally suitable for any diver.

Multi carry options, using either the heavy-duty 'top mounted' carry handles or the padded 'detachable' shoulder strap.

Capacity: 80L

Weight: 1.5kg
Length: 74cm
Width: 32cm
Height: 34cm
