

60L

YKK® ZIPPED DRY BAG

A large watertight and airtight bag weighing only 880g.

The YKK® Zipped Dry Bag is manufactured from 500 denier PVC and has welded seams for extra reinforcement. The YKK® high compression Aquaseal® dry zip is protected with PU tape.

The bag has adjustable, padded shoulder straps and is load tested to 100kg, including the lift strap between the shoulder straps. Can be fitted with inflation and exhaust valves.

Custom branding is available, we can print your logo onto this bag in reflective or non reflective.

This dry bag is also available with MOLLE system - contact us for details.
