

RECHARGEABLE AIR PUMP

A powerful, portable inflation and deflation solution designed for use wherever you need reliable air power. Ideal for paddle boards, SUPs, kayaks, inflatable boats and other compatible outdoor equipment, it is particularly suited to diving teams, rescue organisations, commercial operators and outdoor professionals.

Featuring dual-motor performance, the pump delivers airflow of up to 300 L/min for rapid inflation, with a high-pressure mode capable of reaching 20 PSI. The digital pressure controls and automatic shut-off provide convenient, consistent inflation without continuous monitoring.

A built-in 4000mAh rechargeable lithium battery provides cordless operation, while USB Type-C charging, USB power output, an LED display and integrated LED light add further versatility when working away from mains power.

Supplied with multiple nozzles and accessories, this compact pump provides a practical all-in-one inflation and deflation solution for outdoor, marine, diving and rescue applications.

KEY FEATURES

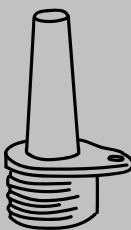

- Rechargeable lithium ion battery
- Adjustable pressure, up to 20 PSI
- Automatic shut-off at the selected pressure
- Inflation & deflation functions
- USB output for charging compatible devices
- USB Type-C charging up to 9V/2A
- Includes 6 connectors and multiple O-rings

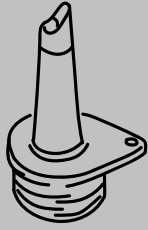

Technical Specifications

Maximum Pressure	20 PSI
Pressure Range	0-20 PSI
Low-Pressure Airflow	Up to 300L/min
High-Pressure Airflow	Up to 70L/ min
Low-Pressure Motor Power	110W
High-Pressure Motor Power	100W
Motor System	Dual Motor
Battery	Built-in 4000mAh lithium battery
Noise Level	≤85 dB
Charging Input	USB Type-C, 5V/2A or 9V/2A
Charging Time	Approx. 6 hours at 5V/2A; approx. 3hours at 9V/2A
USB Output	5V/2A
Display	LED Display
Lighting	Integrated LED Light
Functions	Inflation & deflation
Automatic Shut-Off	Yes - stops when selected PSI is reached
Product Dimensions	206*175*81mm *8.1*6.9*3.2")
Product Weight	1.57kg (3.5lbs)
Gross Weight	1.74kg (3.8lbs)
Charging Connection	USB Type-C
Material	ABS
Colour	Black and White
HS Code	8414809090
Certifications	CE-EMC, RoHS, REACH
Factory Standards	ISO9001 and BSCI

Pump Attachments

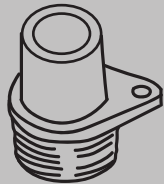

Air Tent & Mattress

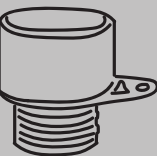

Float & Yoga Ball

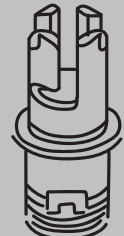

Inflatable Boards

Air Tent

Mattress

Kayak & Boat
