

# 1.5MM, 3MM OR 5MM ESR EMERGENCY SERVICE RESPONSE WETSUIT

Our Emergency Service Response Wetsuit is a versatile option, but is particularly popular amongst Coastguards and other sea rescue organisations.

This high visibility orange suit is manufactured from superstretch neoprene, featuring a front entry YKK zip and moulded Velcro closing collar.

This suit can be supplied in 1.5mm, 3mm or 5mm thicknesses, allowing you to achieve the perfect level of thermal protection required for any given rescue scenario.

The 3mm and 5mm variants include protective zipped cuffs and ankles and each wetsuit is supplied with a matching separate highly visible hood.

**Don't see what you're looking for?**  
We can design wetsuit systems for all water rescue situations. Please contact the team to discuss your requirements.
